REPLACE WITH
PLEATCO ADVANCED

Cleaner Advanced filtration

Pleatco Advanced MiniClear® Premium Replacement Filter Cartridges are made with scientifically engineered Pleatco Advanced Point Bonded Pool Filtration Fabric® that provides the cleanest, purest water filtration possible. Our unique and exclusive fabric captures high volumes of dirt particles, out-performing and outlasting anything else on the market.

Safer Peace of mind

Pleatco MiniClear® Cartridges are Pool Certified and come with a 100% Customer Satisfaction guarantee. You can be assured of nothing but the very best quality and superior performance, providing you peace of mind to focus on what's really important - the health and happiness of your family.

Longer Lasts all season!

Pleatco MiniClear Cartridges are made from the highest quality materials and last the entire season long! Our filters return to a high state of performance after cleaning. This means less maintenance and replacing, saving you time, money, and hassle. In comparison, cheap disposable Cartridges last only a few weeks making them expensive and tiresome to continually replace.

DON'T COMPROMISE
YOUR FAMILY'S
HEALTH & SAFETY

FRIENDLY ADVICE

Many **DISPOSABLE** filter cartridges are cheaper because they are made of inferior materials and only last a matter of weeks requiring constant replacement and delivering poor water filtration.

Your typical small pool pump usually comes with a standard filter cartridge made as a secondary product by the pump manufacturer. Most people just replace this cartridge with the same brand. Many of these filter cartridges simply do not clean the water properly and are costing you a bundle in time, money, effort and frustration because you have to replace them every few weeks just to keep your water clean.

Most disposable replacement cartridges are made with sub-standard fabrics that do not properly trap the dirt and micro bacteria particles in the filter. This means only partial filtration is occurring and much of the debris is pumped straight back into the pool. Cheap replacement cartridges are generally made in places where there are no quality standards applied and products are manufactured using very low-grade materials to keep costs way down. Also, these manufacturers are not experts in filtration and have and little regard to customer health or safety. The most important thing to consider is although while cheap disposables cartridges may seem to make some sense...

THE WATER IS YOUR POOL IS ONLY AS CLEAN AS THE FILTER YOU USE!

Pleatco Advanced MiniClear™

PREMIUM REPLACEMENT FILTER CARTRIDGES

FOR SMALL, PORTABLE & ABOVE GROUND POOLS

LASTS ALL SEASON!

Cleaner
Safer
Longer

- ✓ **SUPERIOR FABRIC CAPTURES MORE DIRT**

Save money, the environment and your family's health.

Pleatco Advanced MiniClear® Replacement Filter Cartridges are scientifically engineered to ensure that the water in your small, portable or above ground pool is clean, clear and safe! Our advanced filtration fabric traps both large and small dirt particles ensuring healthy water. Easy to clean and reuse, our filters last the entire season. This means you can spend more time enjoying your pool and less time worrying about the water. All Pleatco Advanced MiniClear Cartridges are Pool Certified.

Quality manufactured with 100% unique & exclusive

PLEATCO ADVANCED POINT BONDED POOL FILTRATION FABRIC®

HEAVIER PLEATCO ADVANCED POINT BONDED FILTRATION FABRIC

**FINER FIBERS
GREATER DIRT CAPTURING WET AREA
GREATER FLOW**

UNLIKE ANY OTHER FILTRATION FABRIC!

Pleatco Advanced POOL™
THE NEW STANDARD IN POOL FILTRATION

HEAVY FILTRATION FABRIC WITH FINE FIBERS

Pleatco Advanced 4oz Point Bonded Filtration Fabric contains a high volume of fibers per unit area offering far greater volume dirt holding capacity than other filtration fabrics. With reduced pore size distribution our unique and exclusive fabric provides gentle water filtration flow, easily and efficiently capturing dirt particles to achieve a deeper level of cleanliness and clarity than ever before. Due to uniformly placed weld spots, Pleatco Point Bonded Pool Fabric is strong and robust, and returns to a high state of original performance after cleaning, meaning greater usability, longer cleaning cycles and less maintenance.

Think seasonal!
